

Registration and activation of an additional device

Preparation

To register an additional device, you need

- Your contract number and password
- A desktop computer, a laptop or a tablet
- A device that has already been activated
- The new device (smartphone or tablet)

Kindly contact +423 237 83 33 in case you do not have a device at hand, that has already been activated.

Step 1

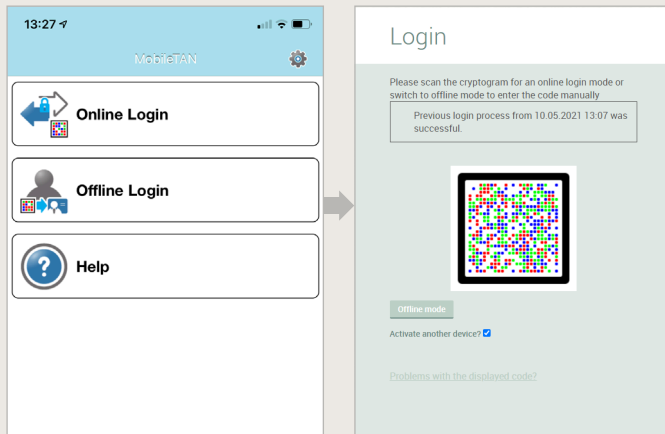

Download the Kaiser Partner MobileTAN App free of charge from the official iTunes App Store or Google Play Store to your mobile device (smartphone or tablet). These can be found in the corresponding store under the term «Kaiser Partner MobileTAN».

Step 2

Now log on to your computer or a mobile device via www.kaiserspartner.bank in the menu item E-Banking with your contract number and your personal password.

Step 3

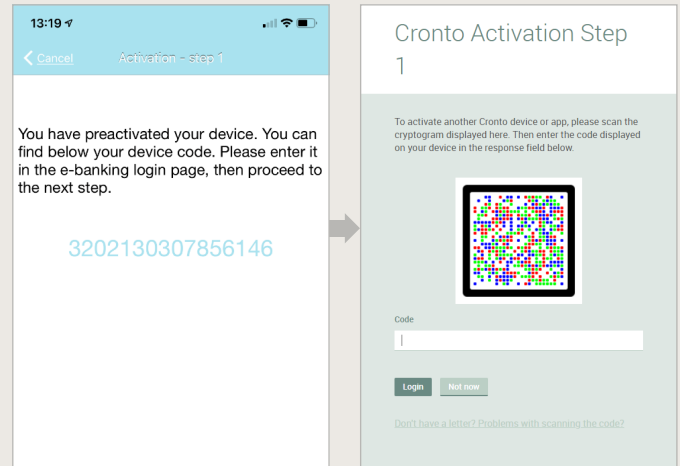

Activate the option “Activate another device?” on the Login Screen and scan the cryptogram displayed on the screen with your existing device.

Step 4

Scan the cryptogram displayed on the screen with your new device. The app will then calculate an activation code, which you enter at the appropriate place within the E-Banking and confirm with «Login».

Within the app, click on «Progress to next step» at the bottom of the screen.

Step 5

With the registration cryptogram now displayed on your screen you will again receive a code to enter. Click on «Register» to complete the registration and receive a confirmation. The activation of your mobile device is now complete.
