

Kaiser Partner Privatbank enhances performance across various dimensions

Kaiser Partner Privatbank AG | 2023 Semiannual Financial Statement

In an ever challenging economic and geopolitical environment, Kaiser Partner Privatbank AG was able to further increase its performance in multiple dimensions during the first half of 2023. We achieved an increase in operating income of CHF 2.1 million to CHF 18.1 million (+13%) and a significant increase in profit to CHF 2.9 million (+19%) compared to the 2022 reporting year. The Central Bank's interest rate policy was a contributing factor to the positive operating result, leading to a significant increase in net interest income to CHF 3.4 million (+71%). Net fee and commission income amounted to CHF 9.5 million, a slight decrease of -1.5%. Income from financial operations increased by 2.5% to CHF 4.2 million.

The growth in revenue allowed us to continue investing in digital infrastructure to support our growth, resulting in a 15% increase in operating expenses. Despite volatile markets, assets under management increased from CHF 5.4 billion to CHF 5.5 billion, an increase of 2.6%. Clients entrusted us with additional assets of CHF 104 million during the period.

The positive figures are a strong testimony to the stability and high level of trust that our customers place in us - trust that our employees have earned over many years in every aspect through their expertise, reliability, and consistent focus on the needs of our customers. In June, we successfully launched an offering for the custody of and trading in digital assets that meets the highest standards of security and convenience. This offering was carefully developed in intensive exchange with our customers and partners and will be continuously expanded in the coming months and years to meet the increasing demands of both wealthy families and institutional investors from the digital asset industry.

We are confident that we will be able to sustainably improve this result in the second half of the year and beyond, based in no small part on the continuous expansion of our range of services geared to the needs of our customers.
