

Fee Schedule

Special

Remuneration

All services provided by Kaiser Partner Privatbank AG ("Bank") are, per account, subject to remuneration. If not otherwise agreed between Client and Bank, the Bank shall be remunerated according to this Fee Schedule.

Fees are invoiced or charged directly against the Client's account every quarter and consist of:

- The agreed package fee, plus external/third-party costs as separately shown on the Bank's invoices (e.g. broker or exchange fees, stamp duty or coupon tax, value added tax, etc.)
- The additional, event/service driven fees

The Client gets a separate written confirmation that shows the composition and amount of the remuneration, especially the agreed package fee.

This Fee Schedule enters into force on January 1, 2024.

The Bank reserves the right to make changes to the Fee Schedule at any time. The Client will be informed of such changes in writing or by other appropriate means. The changed Fee Schedule will enter into force within 30 days if the Client does not object within 30 days in writing.

Package "Special"

In the Package "Special", the Package Fee consists of the regulatory base fee, the basic fee, the custody fee and any ticket fees.

Regulatory base fee CHF 100 / quarter

Basic fee CHF 225 / quarter

Custody fee¹

The pricing tiers are based on the average value of assets held at the Bank each quarter (in CHF or equivalent)

min. 1.0 million	0.40%
up to 3.0 million	0.35%
up to 5.0 million	0.30%
up to 10.0 million	0.25%
from 10.0 million	0.20%

Ticket Fee

US mutual funds	CHF 180 / transaction
US limited partnerships	CHF 180 / transaction
US bonds (DvP)	CHF 180 / transaction
Other financial instruments ²	CHF 60 / transaction

Services included in the basic fee

- Account fee (all currencies incl. CPC-metal accounts)
- Custody account fee
- Quarterly or monthly account statement and portfolio statement and, as requested, generic tax statement (annually)
- Turnover commission

¹ The volume for the calculation of the basic fee consists of, subject to current account (cash), financial instruments including any time deposits and call money held at the Bank. To allocate the volume in the above mentioned pricing tiers, the Bank calculates the effective volume at a specific date towards the end of each month. The quarterly basic fee payable consists of the three effective volumes in such quarter.

² The ticket fee for other financial instruments is due for each transaction but transactions in US Mutual Funds, US Limited Partnerships and US Bonds (DvP) money market, derivative, foreign exchange and precious metal instruments.

Additional event/service driven fees

For account, custody and investment-related services
